Welcome to the HealthyRewards program!

To help support and encourage healthy living, Excellus BlueCross BlueShield is pleased to announce a new, more interactive awards program platform powered by RallySM.

The HealthyRewards program will provide participants with the potential to earn $500 for individuals and up to $1,000 for subscriber and spouse.

Credits/dividends can still be earned by completing activities that support your healthy lifestyle.

What will you need to do?

You will need to:

- Log on to ExcellusBCBS.com.
- Once logged in, click on the HealthyRewards link
- The link will take you to the Rally website
- Create an account and take the health survey
- Begin earning rewards

Why do I have to fill a new health survey on the Rally site?

We are not able to transfer information from the previous HealthyRewards site to the new Rally-powered site. As such, you will be asked to create a new wellness profile by taking the health survey.

Tell me more about the new health survey.

The new platform features a more visually engaging display that allows you to complete the survey in less time.

- No more than 10 minutes to complete
- 95% completion rate once the survey is started
How will I earn credits/dollars?

You will earn credits/dollars by completing:

- The health survey
- Preventive health screenings
- Tobacco cessation
- Advance care directives
- Managing conditions

Are there new ways for me to earn credits/dollars?

Yes, you can also earn credits/dollars by completing daily missions and monthly fitness challenges.

What are daily missions?

Daily missions are simple activities that can fit into daily routines to help you form positive, healthy habits. Your responses to the health survey trigger personalized activities to help improve overall health and wellness.

- List of all missions are available within platform
- You are able to complete multiple missions at the same time
- Missions are four weeks long in duration; checking in per week may vary per mission

Is there a period of time to go back for a missed mission day?

- You have a period of one week to make up for missed days.

What are monthly challenges?

Monthly challenges are virtual public, step based competitions that can vary from three to 14 days. Reaching a milestone is required to earn credits/dividends during the challenge. Milestones are figured into miles reached that are represented on the virtual map as trophies that vary depending on the length of the challenge.
Milestone examples:

Three-day challenge milestone = 7.5

Five-day challenge milestone = 12.5

**Is there a period of time to go back for a missed challenge day?**

Depending on the length of the challenge, you have a period of two weeks to make up for missed days.
Are monthly challenges device enabled only? Is there a way to self-report challenges manually?

Yes, the challenges can be device enabled. However, if you don’t have a device or smartphone, there is a manual way to track.

- Go to MapMyRun at http://www.mapmyrun.com
- Create an account using the same email address used for Rally health
- Select Log Workout
- Select Run, Walk, Hike, put in the duration and hit save

Here is a sample activity chart that allows you to choose comparable activities other than Run, Walk or Hike within the MapMyRun app that can be converted into mileage. Conversion is necessary under the Rally platform, which can only convert activities into mileage as part of the virtual step based challenge.

Can I join more than one challenge simultaneously?

You can only join one challenge at a time.
Can I use multiple tracking devices with my Rally account?

You can use only a single tracking device (e.g., the Rally mobile app or Fitbit, Jawbone, etc.) with your Rally account at a time. You may switch devices at any time; all of your device-enabled missions and challenges will convert to the new tracking method once confirmed.

What if I have restrictions that prevent me from exercising, how can I earn the monthly health challenge credits/dollars?

There is an alternative form available for those that have a medical condition that prevents them from completing a milestone within the monthly health challenge under the rewards program.

Are there any other enhancements?

Yes, there will be access to on-line communities where you can connect, discuss or share health concerns with others. This feature can be used to improve overall health and wellness. You will not earn additional credits/dollars for participating.

What are coins?

Coins are earned for completing a task, which can be redeemed to make a charitable donation towards a featured Rally charity.

Coins are provided by Rally health and are not funded by premium dollars.
